## TO OUR PATRONS

---

**O**UR AIM and object of putting forth this Descriptive Catalogue of our full line of Tools is to intelligently present, illustrate and describe to the Mechanic the difference in **QUALITY** and **PRICE** of each tool.

We take pleasure in directing your attention to our number of new tools which we have added.

When buying tools from us, you get those which have been thoroughly tested, and known to be the best of their kind.

Energy, strict attention to the wants of our customers, and our extended experience enable us to know just what the requirements of the trade are. It also enables us to fill your orders in a satisfactory manner, with such tools as are needed and can not be supplied elsewhere.

To those who have not favored us with their business, we ask but a trial order. We know that we can and will make a customer of you if but given a chance.

We thank our many patrons for their liberal orders in the past, and assure them that we shall endeavor earnestly to deserve their further favors.

Very respectfully,

H. GOLDBLATT TOOL Co.

**All Orders and Correspondence will  
receive our prompt attention.**

### **HOW TO ORDER.**

**Write name and address plainly. Always give catalogue number of each tool wanted.**

**State whether goods shall be sent by Express or Freight.**

## **Positively No Goods Sent C.O.D. Without an Advance Deposit.**

**C.O.D.** Means Cash on Delivery. As a guarantee you will take the goods when they arrive any pay the balance to your express agent. We require \$2.00 in advance on all orders up to \$10.00; \$4.00 on all orders up to \$20.00; \$5.00 on all orders of \$20.00 and upwards. For the benefit of those who do not understand the manner of sending goods C. O. D., we would say. Supposing you order a bill of goods from us and send \$2.00 with the order, we immediately fill your order and forward same through express company, accompanied by the bill less the \$2.00 you advanced. When the goods arrive you pay the balance to the express agent, who then delivers the goods to you. We always demand the above advances on all C. O. D. orders, as we do not ship goods to any person C. O. D. without them. However, it will pay you to send the full amount with your order, as the express company will charge you a small amount for returning the money.

### **How to Send Money.**

Remittances should be made by draft, registered letter, post office or express money order. Be careful to send sufficient money; this may avoid delays and any money over will be at once refunded.

This Catalog supersedes our 1909 Catalog and all other previous issues. Destroy any previous issues that you might have.

--------------	-------------------------------------	--------

Our Brushes have stood the test for years. Only the finest quality of Russian bristles are used in their manufacture. They are made expressly for plasterers' use.

Please remember that in measuring length of bristles in leather bound Brushes, the bristle is measured from back of leather binding.

## Plastering Trowels.

"GOLDBLATT."

**No. 1G**—Finishing Trowel, made of 22 or 24-gauge best trowel steel, highly polished and etched; mounting extends within one inch of each end of blade and contains ten large rivets. This leaves plenty of spring for finishing, also prevents lime from working between blade and mounting.

Made in the following sizes:

4½x11 -inch	4¾x11 -inch	5x11 -inch
4½x11½-inch	4¾x11½-inch	5x11½-inch
4½x12 -inch	4¾x12 -inch	5x12 -inch

Price, each, any size.....\$2.00

**No. 2G**—Browning Trowel, for rough coating, made of 22-gauge best trowel steel, highly polished and etched; mounting extends within a quarter of an inch of each end of blade, and contains twelve large rivets. Otherwise same as No. 1G.

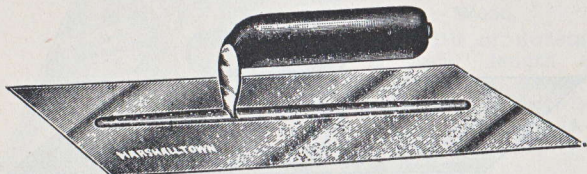

Made in same sizes as the No. 1G.

Price, each, any size.....\$2.00

We make low, medium and high mounts in both of above Trowels. By this we mean the space between the upper side of mounting and the under side of handle. As a rule, a plasterer with a small hand wants a low mount, one with a medium size hand wants a medium mount and one with a large hand wants a high mount. If above is not specified in order, we always ship Trowels assorted low, medium and high mounts, and when sizes are not specified we always ship 4¾x11½-inch.

## Plastering Trowels.

### "MARSHALLTOWN."

No. 1M—Finishing Trowel, made of 22-gauge steel. The mounting extends within one inch of each end of blade, and contains ten rivets. Nicely finished and etched.

Made in the following sizes:

$4\frac{3}{4}$  x 11-inch

$4\frac{3}{4}$  x  $11\frac{1}{2}$ -inch

5 x  $11\frac{1}{2}$ -inch

$4\frac{3}{4}$  x 12-inch

5 x 12-inch

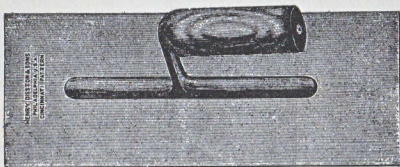

Price, each, any size.....\$2.00

No. 2M—Browning Trowel, for rough coating. The mounting extends within a quarter of an inch of each end of blade, and contains twelve rivets. Otherwise same as No. 1M.

Made in same sizes as No. 1M.

Price, each, any size.....\$2.00

## Plastering Trowels.

### "THE CEMENT FINISHER."

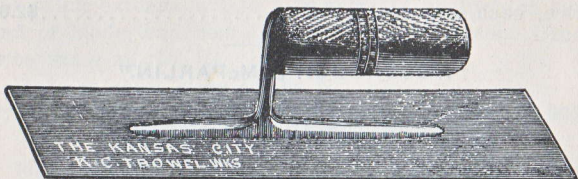

No. 1K. C.—Plastering or Cement Sidewalk Trowel, made of light or extra light 24-gauge **best trowel steel**, highly polished and etched; mounting contains five rivets. On account of the flexibility of the blade this Trowel is best adapted for cement sidewalk work, and we especially recommend it for that use. The best workmen everywhere are using them.

Made in the following sizes:

10½-inch.      11-inch.      11½-inch.      12-inch.

Price, each, any size.....\$1.25

### "THE KANSAS CITY."

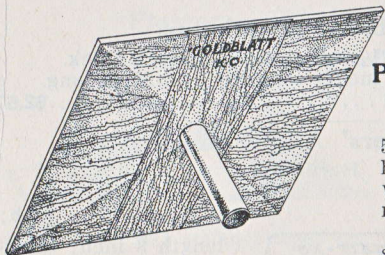

No. 11K. C.—Plastering or Cement Trowel, made of 22, 23 or 24-gauge best spring steel, nicely finished and etched; mounting contains four rivets. This is a dandy Trowel for either cement sidewalk work or plastering, and is **positively the best** Trowel made for the price.

## Plasterers' Tile Marker.

For Imitation Tile Work.

No. T3—Price, each .....\$0.60

By mail add 5c extra for each.

This tool is used to mark off imitation tile on plastering, in bath rooms and kitchens. It not only makes an impression, but, when tool is used at an angle, it cuts out the crease, and cuts it smooth, which makes the creases look identically like the spacing between tile brick. The size of the crease can be made small or large, depending on the amount of pressure put on the tool by the workman. The tool is of such a shape, which makes it possible to get in to any angle or corner. It is made of high grade tool steel, and highly tempered. Length of cutting part, 3 inches, from tip to tip; entire length of tool is 7 inches.

**Our Tile Marker is the most practical and positively the best tool made for this purpose, and the best plasterers all over the country know this.**

## Plasterers' and Masons' Tool Bags.

### Valise Shape.

This Tool Bag is made of heavy canvas, sewed by hand to a hoop steel frame; has a lock and two straps over top; it is very durable. Has pocket on inside.

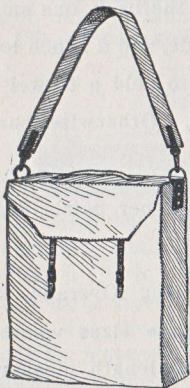

The 16 and 18-inch size are better adapted for Bricklayers and Masons, and the 20 and 22-inch and 24-inch sizes are better adapted for Plasterers.

No.	028	029	030	031	032

## Plasterers' Tool Bags.

### Knapsack Shape.

This Bag is made of heavy canvas, with double bottom; has detachable shoulder strap, and will hold all the tools that can be carried. Made for durability and convenience.

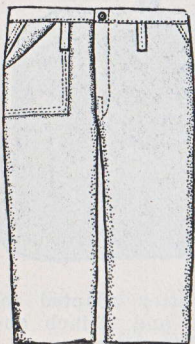

18 inches high, 16 inches wide, 6 inches thick.

All leather trimmings, put on with solid copper rivets and burrs.

No. 033—Price, each.....\$1.50

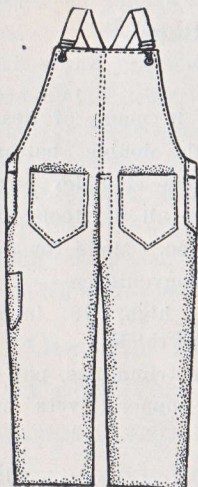

## Plasterers' and Masons' Working Garments.

### OVERALLS.

This is our Special Plasterers' Overalls. They have no bibb nor any buttons, but they have five belt loops around waist line. These Overalls are made purposely for those plasterers who do not like Bibb Overalls, and who prefer to use a belt instead of suspenders. They have one pocket on the front, one on the back and one small one on the side for pointing trowel. They are made of best quality white Overall Goods, and are well made. All sizes.

No. 567—Price, per pair.....\$0.50

This is our regular Bibb Overall. They have two pockets in front, one in the back, one small one on the side, and a 2-inch loop on the back to hold a trowel or hammer, etc. Otherwise same as above.

No. 566—Price, per pair...\$0.60

When ordering Overalls, do not fail to state sizes wanted. Give waist and length measurement.

## Plasterers' and Masons' Working Garments. CAPS.

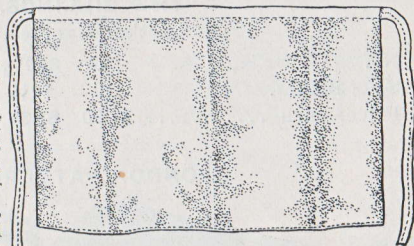

These caps are made of white goods, have inside lining and come with either white or black bills, any size. When ordering state size.

- No. 570—White Bill. price, each.....\$0.10  
 No. 571—Black Bill. Price, each..... .10

## APRONS.

These Aprons are used principally by Plasterers. They prevent the mud from getting into their front pockets. They are made of same white goods that our Overalls are made of. They are 30 inches wide, 18 inches high, and have two strong 24-inch bands attached.

- No. 580—Price, each .....\$0.15

## Plasterers' Levels.

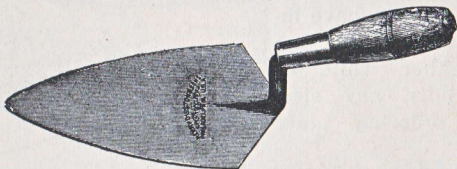

This level has two level glasses and one plumb. All three spirit glasses or vials are protected by glass coverings. This also prevents plaster, water or dust from getting around spirit glasses. There is no other level in the world that can beat this one. Made purposely for plasterers. Different lengths; 16-inch, 18-inch, 20-inch, or 22-inch.

- No. P5—Price, each ..... \$1.00

### Bricklayers' Finger Tape.

This Tape is used by bricklayers and masons, which they wrap around their fingers to protect them from getting sore. The Tape is a white color, 1¼ inches wide, each roll weighs 7½ ounces. Every roll comes wrapped in tin foil, which keeps the tape fresh and in good condition. Don't compare our tape with the ordinary

cheap Electrical Tape, which is so commonly sold as bricklayers' tape. Our tape is made purposely for bricklayers' use, and is very adhesive. We guarantee it to stick on your fingers.

No. 500—Price, per roll.....\$0.20

If ordered by mail, add 8c postage for each roll.

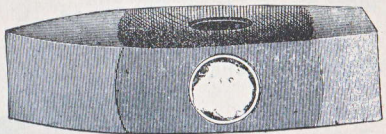

No. 500—Price, per dozen rolls.....\$2.10

If your order is for more than three rolls, we advise to order by express, which will be cheaper for you than by mail.

These stamps are used by contractors for imprinting their firm name on walks and pavements, for advertising purposes. Although name stamps cost a little more than plates, they are much cheaper in the end, as any number of imprints can be made from one stamp, while by using name plates one or more plates should be inserted in each walk.

In ordering above name stamps, give correct name and address, to avoid errors. It takes about a week to fill orders for these stamps, as each one must be made separately.

## Curb and Gutter Templets.

We make these of sheet steel  $\frac{3}{16}$ -inch thick; prices range from \$1.25 to \$1.75 each, according to size and design. Send in your design, giving exact dimensions, and we will quote price.
